

UNMC Munroe Meyer Institute's Department of Pediatric Psychology  
in Partnership with the Nebraska Respite Network Presents:

# Respite Provider Training Workshop: Managing Challenging Behavior

The Respite Provider Training Workshop is designed to educate and train new and current respite providers to successfully and confidently manage challenging behavior exhibited by children with developmental disabilities.

Workshop will be held at ESU 10 in Kearney on Saturday, March 27<sup>th</sup>  
from 9:00 a.m.-3:30 p.m. Lunch will be provided.

## **Training topics will include:**

- Nebraska Respite Network Presentation
- Introduction to Developmental Disabilities
- Proactive Strategies to Prevent Disruptive Behavior
- Managing Problem Behavior

The workshop is open to current respite providers, individuals interested in becoming respite providers and parents of children with a developmental disability.

There is NO fee to participate in the workshop. A monetary stipend will be given to participants who attend the entire workshop in addition to signing up to become a respite provider (if not already registered).

In order to attend, participants must register by emailing [respitepttraining@gmail.com](mailto:respitepttraining@gmail.com) by **03/20/10**. Late registrations will not be accepted. Please provide name, phone number, and if you are a respite provider, interested in becoming a provider or a parent.

Registration and stipend will be available to the first **20** participants who register.

In addition, the workshop will be open to **10** parents; however parents will not be given a stipend to attend.

If e-mail is not available, please contact Torri Smith Tejral at 308-324-6386 ext 431

Workshops will also be held in Hastings (April) and Holdrege (May)

Funding provided by: The Nebraska Planning Council on Developmental Disabilities
