

Parents: The Language Partners

Date: **Tuesday, January 11, 2011**

Time: **6:15—8:30 pm**

Location: **Lied Learning and Technology Center**
Boys town National Research Hospital
425 North 30th (right off the interstate at 30th Street)
Room 311 A & B

Presenter: **Mary Pat Moeller**
Director, Center for childhood Deafness
Boys Town National Research Hospital

**This presentation is for all parents
raising children with special needs.**

Parents use many strategies during daily routines that promote young children's language and communicative development. When a child has disabilities, we do all the same things...we simply are more strategic about it. This presentation will review components of language development and specific techniques families can use to support language learning in young children. Practical resources will be provided along with illustrations of ways to optimize our roles as conversational partners.

Reservations Requested
