

From the First Dip to Franchising.

From its humble beginnings in the backyard pool of Susan Wainscott's Waukesha home to its current position as a franchise opportunity, Swimtastic® has always been built on a love of children and a respect for the water. Wainscott, Swimtastic's Founder and CEO, has a B.S. in Education and over 25 years of teaching success, enriched by her practical experience as a mom. She and her husband, Barrett, currently own and operate two Swimtastic schools and have founded Swimtastic Corporation, where they lead others in franchising.

Classes that are just the right size.

Private Lessons

Classes with one teacher and one student for all ages, infants to adults. Private lessons provide the fastest progress due to the individualized attention and customized program, meeting the emotional and physical needs of each student.

Semi-Private Lessons

These lessons provide individualized attention and practice time, yet allow for peer interaction. Two students per teacher provides accelerated progress due to the individual attention and personalized program.

Group Lessons

Small group lessons provide the perfect balance of personalized attention and student interaction. Children who are not yet ready for a group setting will be asked to participate in private or semi-private lessons.

All lessons are 25-30 minutes in length.

"Swimtastic gives more individualized attention than any other swim program. The teachers are wonderfully patient and they take the time to teach, even when my child is having a bad day."

— Mary Jo Otto

"Whenever we go on vacation, people are amazed how comfortable our kids are in the water and how well they can swim. When someone asks where they learned how to swim, I proudly say Swimtastic."

— Gary Koenen

Swimtastic Corporation is a member of:

Professional Swim Lessons

Classes suited to age and skill level.

Swimtastic has taught thousands of children to love the water. Our teachers are CPR-certified, have completed a comprehensive 30-hour training program and have years of experience matching kids with just the right classes. If you're not sure which class to choose, just ask!

Swim Baby (6 months to 2 years)

A parent and child class designed for the little swimmer, where parents experience bonding time. A gentle and loving approach teaches students water adjustment, water safety skills and swim skills at their own pace. Swimtastic Swim School is trained in infant and toddler swimming by the United States Swim School Association.

Swimtastic Swim Baby (6 months to 2 years)

A parent and child class for students already swimming 3 feet. Introduces independent breathing and a variety of new water and safety skills.

Swim Toddler (2-year-olds)

A water adjustment class designed especially for 2-year-olds that develops swimming skills and enhances independence. (Parental assistance may be requested.)

Swimtastic Swim Toddler (2-year-olds)

A class for children swimming 3 feet independently. Students increase swimming distance and learn advanced breathing skills while learning to love the water.

Swim Tot (3-year-olds)

A water adjustment class for children that captures their imagination by incorporating TLC and daily life activities through the use of creative play, songs and themes.

Swimtastic Swim Tot (3-year-olds)

A class for students who are already moving independently through the water 3 feet. Introduces independent breathing and a variety of new water and safety skills while incorporating games, themes and songs.

Swim Tyke (4 to 5 year-olds)

A water adjustment class for children who are not swimming independently. A gentle approach is used which incorporates creative play, songs and daily-life activities to make learning to swim fun.

Swimtastic Swim Tyke I (4 to 5-year-olds)

A class for children who are already swimming 3 feet independently and ready to learn breathing skills.

Comfortable Environment

Warm, 90° water helps children to relax, have fun and learn to swim naturally.

Pool Time

Small class sizes give each child more swim time.

Individual Attention

Children get more time with teachers and learn to swim faster.

Professional Teachers

Teachers that know how to teach your child to swim the proper swim strokes, independently.

Swimtastic Swim Tyke II (4 to 5-year-olds)

An advanced class for children who can swim 5 feet independently, featuring advanced breathing and swim techniques.

Swim Kid (6 years and up)

A class for children who are swimming less than 10 feet independently. Introduces floating and beginner swim skills in a relaxed environment at the child's own emotional and developmental level.

Swimtastic Swim Kid

A class for children who are already swimming at least 10 feet. Introduces side breathing, backstroke skills and encourages greater swimming distances.

Swim Child

A class for children who are already swimming at least 25 feet using breathing techniques. Practices more advanced stroke techniques and water safety skills.

Swimtastic Swim Child

A class for children who are already swimming at least 100 feet. Refines technique and introduces more advanced strokes while developing endurance.

Swimmer

A class that perfects the swimmer's strokes and refines the butterfly, breaststroke and sidestroke.

Swimtastic Swimmer

A class for the swimming student designed to achieve maximum swimming performance and enhance endurance.

Recreational Swim Team

A non-competitive option for children advancing more rapidly through Swimtastic's programs. Focuses on self-improvement and engages in advanced drills, stroke technique and fun in a team atmosphere.

Swim lessons so groundbreaking, we had to invent a name for them. Swimtastic!

Swimtastic Swim School makes learning to swim fun. Since 1996, our professional teachers have used unique teaching methods to help children of all ages-from infants to adults- learn to swim the proper swim strokes independently.

Parents appreciate our easy registration, flexible class times, small class sizes, individual attention and professional, loving staff. And kids love our warm water pool, water slide and palm tree shower, which create a comfortable environment where they can relax, learn to swim and have fun.

Experience the difference at Swimtastic Swim School, where "Smart Fish Swim in Schools."
