

Autism Support Group In Nebraska City

Join us on November 5th and meet others living with and/or have children under the ASD umbrella. Our goal is to share stories, what worked, what didn't, spread awareness to the community and offer education and support. Our group is for parents, guardians, individuals, teachers, educators, doctors or anyone that would like to learn more about autism!!!

9:00 am—10:00 am Meet members from the Autism Family Network and Autism Society of Nebraska as we help form a support group in Nebraska City and let you know about resources and opportunities.

10:15 am—11:15 am Meet Clarissa Kroll and Rachel Keenan from Lovaas Institute for Early Intervention will discuss behavior management. They will show that appropriate behaviors are maximized through prompting and positive reinforcement. Inappropriate behaviors are reduced by teaching alternate, more socially acceptable forms of communicating the same needs.

1:00 pm—2:00 pm Meet Dr. Alex Kallio. Dr. Alex Kallio graduated from Northwestern College of Chiropractic in April of 1999 with a bachelor of science degree in Human Biology (B.S.) and his Doctor of Chiropractic (D.C.) Dr. Kallio practiced for 2 years as an associate doctor in Nashville, Tennessee before moving back to his home state of Nebraska to open his own practice. Dr. Kallio will be presenting information about proper nutrition and supplementation for children on the Autism Spectrum

2:15 pm—3:15 pm Meet Janette Bereuter from DynaVox. Successful communication requires that children with autism have the right tools at the right time and know how to use them. At DynaVox, we strive to provide children with autism and their communication partners with the necessary tools to improve communication and learning, speak their minds, and reach their full potential.

3:30 pm—4:30 pm Meet Marla Fischer-Lempke, the Executive Director from the Arc of Nebraska. The Arc of Nebraska is private, non-profit, statewide organization that stands with individuals and families in advocating and supporting Nebraskans with intellectual and developmental disabilities. Marla will answer questions about IEP's, MDT's, Rule 51 and more.

Date: November 5, 2011
Time: Meeting begins at 9:00 am
Where: Arbor Bank in the lower level
conference room, 911 Central Avenue
RSVP: afnlincoln@aol.com
