

Please join us for an educational event entitled,
“Special Needs Planning”

Presented by Dan Kline, MBA and Marvin Brinkman

While most family members of children with a disability are most concerned about their immediate needs, parents and others regularly ask the question: ***“How will my loved one be cared for when I am no longer able?”*** Dan Kline and Marvin Brinkman of The Andrew-Benjamin Group will lead a discussion on topics such as Social Security, Guardianship, Special Needs Trusts, Medicaid and the importance of making these plans on a timely basis to provide the best quality of life. Dan has an adult son with Down Syndrome, while Marvin has a son with Asperger Syndrome and have lived through most of these issues themselves. As founding partners of The Andrew-Benjamin Group, they help families through this process on a daily basis.

**Saturday, December 3, 2011
Noon to 1:30 p.m.
Williamsburg Behavioral Psychology
3801 Union Drive Suite 206
